#### 4)Emerging Leaders Program

The Emerging Leaders Program (ELP) is a one semester program offered to all incoming first-year students that will be offered in both the fall and spring semesters.

ELP offers first year students a comprehensive opportunity to explore and develop their personal understandings of leadership, and to reflect on how they can use leadership in ways to make positive change in the world around them. This will be done by working with current students who have already completed the program, meeting and doing activities with other first year students who share common interests in leadership and service, and an outdoor overnight retreat at the beginning of the semester.

During the second eight weeks of the semester, participants will enroll in a one credit class which will meet every week and will help students develop leadership skills they will have identified earlier in the semester.

Upon completion of the program, participants are able to elect to continue in the semester following their graduation by training to become a peer mentor. Mentors in training (MITs) will meet every other week to learn about facilitation, and to help plan small group activities for the ELP program. Once you have completed one semester of the ELP program and one semester of the MIT program, you will be eligible to serve as a peer mentor.

Students interested in participating in the fall semester must return completed applications to [elpiu@indiana.edu](mailto:elpiu@indiana.edu) no later than 9/11/08.

All students who are interested in the program, would like more information, or would like to request an application to become an Emerging Leader should email Thea Heninger-Lowell, the Graduate Assistant for Leadership Development, at [elpiu@indiana.edu](mailto:elpiu@indiana.edu).

## 9) Invitation to attend Asian Culture Center's 10th Anniversary

In 1988, a group of Indiana University students imagined a student-based center that would promote an understanding of the history, cultures, and issues facing people of Asian descent. This vision inspired many students, faculty, and staff to create such a center and in October of 1998, the IU Asian Culture Center opened, the first of its kind in the Midwest. Since then, thousands of Asian and Asian Pacific American students have taken advantage of this haven where students can share their diverse cultures and talents at their home away from home, 807 East 10<sup>th</sup> Street. While the ACC is University based, it also plays an integral role off campus by providing cultural and educational support to schools, city agencies, and businesses as well as community outreach programs throughout the state. The programs are always open to the public and well attended by Indiana residents.

On October 3, 2008, the Center will be celebrating its 10<sup>th</sup> Anniversary. We would like to honor the many students, faculty, staff, alumni, and community members *like you* who helped make this Center a treasured resource for everyone. Today, we are inviting you to come home and join us in celebrating the ten years of service. You may reserve your dinner tickets online at <http://www.indiana.edu/~acc/anniversary>. Additional information about the celebration can also be found on this website.
